ILLEGAL, UNREPORTED, AND UNREGULATED (IUU) FISHING

violates national and international laws.
IUU FISHING

accounts for approximately
ONE OF EVERY FIVE
wild-caught fish in the world

resulting in an illegal business of between
10-23 BILLION DOLLARS
EACH YEAR
IUU FISHING:

- Harms marine ecosystems
- Threatens livelihoods
- Increases food insecurity

#AREP
THE NEW PARTNERSHIP FOR SUSTAINABLY MANAGED FISHERIES BETWEEN

USAID FROM THE AMERICAN PEOPLE & NOAA

will support the governments of Ecuador and Peru to combat IUU fishing and sustainably manage economically and ecologically important species and areas.
